Quality Service Providers – VBCS Plus

Unfortunately not all trades services businesses are the same. The trades business you have called in to do the repair for cheap may not be able or willing to provide the best options and how do you know if they are properly certified and insured? And some tradespeople are simply unaccustomed to the variety of scenarios faced by strata title developments.

When quotes are free and the results are important then taking the step of ensuring you have quality, efficient and certified tradespeople is important.

VBCS Plus takes the guess work out of hiring a true professional. All VBCS Plus tradespeople must adhere to our strict code of conduct, undergo an extensive certification process and ensure our clients receive priority service, efficiency, quality of works and value for money at all times.

Our years of experience dealing with property owners and contractors have made it possible to provide this service to you at no cost.

We are always looking to update our suppliers, if you are currently using a high quality provider that you would like to recommend, please feel free to contact us at inquiry@vbcplus.com.au.
